## PROFILE

---

As a certified Scrum Master with over 5 years of experience, I have a proven track record of successfully leading cross-functional teams through the Scrum framework to deliver high-quality software products. I am skilled at facilitating agile ceremonies such as sprint planning, daily stand-ups, and retrospectives, and have a strong understanding of the principles of the Agile Manifesto. I am adept at working with teams to identify and remove roadblocks and am skilled at communicating with both technical and non-technical stakeholders. I am passionate about fostering a culture of continuous improvement and empowering team members to take ownership of their work.
